

A.D.A.P.T CULTURE

An amazing culture unites and inspires.
It's something everyone craves.

Creating a new culture is one of the most rewarding things you will ever do. Everyone benefits. The organisation, customers, leaders, people, and shareholders. In fact most people experience significant personal benefit because the attitudes, skills, and beliefs needed to create a new and aligned culture enrich their lives.

Team Focus Plus is your partner in creating and transforming culture. We provide coaching and support to empower you to lead your organisation to greatness. We've packed 30 years of experience into the A.D.A.P.T. process which identifies and simplifies the essential steps and engages your people to be their best.

A.D.A.P.T PROCESS

The A.D.A.P.T. process is the ultimate engagement tool. Each step is designed to bring people together.

Your people will help you :

1. Align culture with strategy.
2. Define a target culture.
3. Assess the current culture.
4. Plan a transformation.
5. Transform

We support you by facilitating the steps of the process and assessing your current culture using a qualitative methodology.

We passionately believe you need to drive the process yourself so we provide further support through coaching and development to create the leadership needed to achieve your purpose and culture.

When you apply the A.D.A.P.T. process you will enjoy amazing staff engagement, stronger commitment to strategy, energised and invigorated people, improved customer service, and increased productivity. You will also reduce problems, stress, conflict, and other issues that occur in a poor culture.
