

Fast Track Your Leaders

Transform Your Business

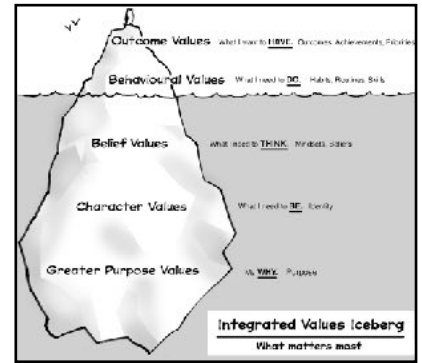

TEAMFOCUS PLUS

Imagine leaders who inspire trust. Leaders who see the bigger picture, embrace responsibility, and bring out the best in their teams.

That's the power of the Fast Track Series.

These programs are designed to spark a profound shift — in mindset, identity, and purpose — so your leaders don't just manage ... they lead with clarity, confidence, and impact. Using our exclusive Integrated Values Iceberg© framework, we guide participants to transform from the inside out.

The results are lasting. As we say: "We hope you never get over it."

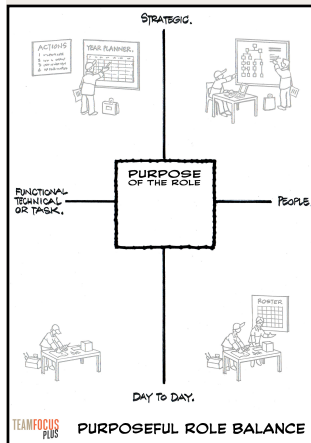

Session 1: Shift the Mindset, Elevate the Leader

(Full day or two half days)

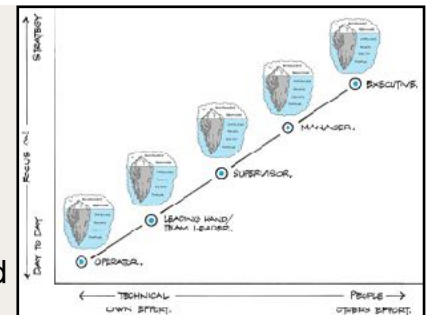

We start where real change happens — at the core.

Through our proven models, compelling insights, and powerful interactive experiences, participants discover:

- Why early leadership roles set them up to fail — and how to break that cycle.
- How to align their personal identity with a deeper leadership purpose.
- The mindset shifts that drive trust, engagement, and performance.

This session isn't a lecture. It's a high-impact experience, including a signature exercise that forever changes how they will see their role.

Sessions 2 and beyond: Master the Skills that Drive Results

(Half or full day workshops)

Once leaders are clear on their purpose, we equip them with the skills to make it real — and sustainable. Every workshop is tailored to your organisation's needs, and may include:

- Coaching & Listening Skills – Unlocking potential in others.
- Setting Context & Clarity – Aligning teams for shared success.
- Planning & Problem Solving – Turning vision into action.
- Creating Great Teams – Building trust, cohesion, and productivity.
- Accountability & Ownership – Inspiring self-leadership.
- Navigating Difficult Conversations – Managing challenges with confidence.

Your leaders leave not just knowing what to do, but equipped to actually do it — with skill, consistency, and influence.

Invest in your leaders. Transform your culture. Fast track your success.
