

# Fast Track Proactive Planning

## From firefighting to forward thinking

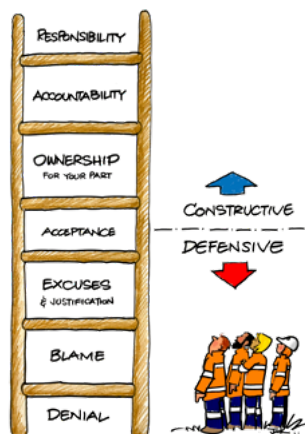

Imagine leaders who stop reacting and start shaping the future. No more firefighting and no more “what were they thinking?” Instead, you’ll have leaders who think ahead, make sound decisions, and keep projects – and people – moving in the right direction. That’s the power of proactive planning.

## Why Proactive Leaders Make a Difference

Reactive leadership feels great – but it’s a trap.

Proactive leaders:

- Focus on outcomes – better decisions, faster.
- Create calm and clarity – less tension and confusion.
- Plan with purpose – so everyone knows what to do and why
- Deliver results – with greater impact.

## Our Proven Approach to building a proactive mindset

### The Constructive Ladder

We help leaders step away from blame, excuses, and reactivity – and move towards personal responsibility and constructive thinking, which is the foundation of proactive leadership.

## Get leaders to **STOP** ... and help leaders **START**

Reacting to a problem after it arises ... preventing problems before they arise

Creating tension and conflict ... setting clear and focused Goals

Reacting without a clear plan ... adapting and assessing Risk

Thinking short term ... thinking Strategically

Missing opportunities ... taking Opportunities.

## Fast Track Proactive Planning Options include:

- Problem Solving and Planning Models  
Our favourite is S.O.C.I.O. Decisions which is a simple, structured decision-making model that blends problem-solving with effective planning. It gives leaders the confidence and clarity to choose wisely – every time.
- Proactive and Constructive Mindset & Emotional Intelligence
- Context and content
- Goal setting & execution (IGC, S.M.A.R.T. and other models)
- Strategic awareness (PESTLE, SWOT, Scenario Planning)
- Situation Analysis
- Strategic planning models like Gap Analysis, Wave Analysis, and more

**For leaders and teams who need to plan – not panic.**

## The Leaders You Need for the Future

When your leaders think strategically, your business thrives.

Less firefighting. More foresight. Better results.

**Team Focus Plus – Fast Track Workshops - Practical.  
Flexible. Transformational.**
